KEY STAGE 2 SATS RESULTS

Dear All,

I am delighted to be able to write to you with this year's SATs results from Key Stage 2. These assessments are extremely important and give you as parents an indication of the standards of teaching and learning within the school.

All children in Year 6 take part in these assessments and the results are used to assess the children's progress throughout their time at primary school and to compare the school's performance against other schools both nationally and locally. The children are assessed in English (reading, writing, spelling grammar and punctuation) and Mathematics and the results will be used by the children's secondary school as an indication of their general level of attainment.

Key Stage 2 Results

At the end of Key Stage 2 (Year 6) the expectation is that children will reach 'the expected standard' (EXP+/AS). Some may achieve 'Greater Depth Standard' (GDS) and this represents a child that has a deepened understanding of their curriculum and has 'exceeded'. This year the raw score needed to pass each of the assessments were as follows:

Reading : A raw score of 28/50 was required to reach the expected standard (56%)
: A raw score of 40/50 was required to reach the greater depth standard (80%)
Writing : Is teacher assessed and moderated
Mathes : A raw score of 58/110 is required to reach the expected standard (53%)
: A raw score of 96/110 is required to reach the greater depth standard (87%)
SPaG : A raw score of 35/70 is required to reach the expected standard (50%)
: A raw score of 54/70 is required to reach the greater depth standard (77%)

Below is a summary of overall data for the year group:

	Leigh Results EXP+ 2025	National Data EXP+ 2025	Leigh Results GDS 2025	National Data GDS 2025
Reading	**87%**	**75%**	**41%**	**33%**
Writing	**87%**	**72%**	**29%**	**13%**
Maths	**75%**	**74%**	**16%**	**26%**
SPaG	**67%**	**73%**	**16%**	**30%**
Science	**100%**	**82%**	**N/A**	**N/A**
Combin.	**67%**	**62%**	**12.5%**	**8%**

Analysis

Reading
These are outstanding results. They show that 87% of our children reached age related expectations or above which is 13% above the National average for this year. 41% of the year group achieved the Greater Depth Standard.

Writing
These are outstanding results. They show that 87% of our children reached age related expectations or above which is 15% above the National average for this year. Nearly a third of the cohort achieved the Greater Depth Standard.

Maths
These are really good results. They show that 75% of our children reached age related expectations or above which is broadly in line with the National average for this year.

Combined
These are excellent results. They show that 67% of our children reached age related expectations or above in Reading, Writing and Mathematics. This is 5% over the National Average.

Overall these are extremely pleasing results and demonstrate the hard work and dedication to standards of teaching and learning at Leigh Primary School. We would particularly like to thank Mrs Tyrrell for her steadfast commitment to supporting the children to reach their potential so they have the best foundation of learning for their transition to secondary education. Furthermore, these results demonstrate the commitment of the children to their learning and they all deserve huge credit for their achievements. Regardless of whether a pupil technically 'reach the standard' by the DfE's definition we are so proud of all individual results and the progress each child has made from their starting points. I am sure you will join me in wishing the Rhino Class every happiness as they move on to the next phase of their Education next Friday.

Best wishes,

Jenna Halfhide
